

## Missionaries Risk Their Lives To Distribute Bibles

Like me, most Christians in America and in Europe have a number of Bibles in our homes; the Bible is easily available and sold in virtually all major department stores. That is why it is hard for us to imagine that there are literally billions of people who do not own a Bible. Millions around the world would love to receive their very own copy of the Bible but it is not possible because it is not available, and in some regions of the world owning a Bible carries a death sentence.

The Lord gave me the assignment to distribute Bibles. Your prayers and financial support make the mission possible to execute God's given assignment successfully. This task has not been easy, and we face great challenges to distribute Bibles. But we are focused on bringing Bibles where they are needed the most. Our mission van is constantly loaded with Bibles to deliver to our Missionaries who distribute them to believers and nonbelievers who desire to own a copy of the Bible to read. Right now we are focused on distributing Bibles in the Oriya language where many Christians are persecuted. There are several of our missionaries who risk their lives daily to save souls for Christ.

## Received The Bible With Tears Of Joy

I had an awesome experience in Nepal when I witnessed free Bibles given out and people had tears of joy in their eyes for owning a Bible in their own language. Shristi lives in Nepal and she has an amazing testimony that greatly blessed me. She shared, "For many years I was suffering from skin disorder, my skin would peel off that I would bleed, and I had pain all over my body. I could not sleep and I was going through hell in my life. My husband left me because of my illness and my own family didn't want to have anything to do with me. I was contemplating killing myself when I saw this lady whom I know. She asked what was wrong with me and I told her about my illness. Immediately she took a book from her bag and read to me. She said, "The Lord has forgiven all your sins and healed all your diseases." I asked her, what book is this? She told me, "This is the Bible, God's Word." And then she took me by the hand and talked to God and asked God to heal me. I went into trance and I did not know what was happening to me. When I came to myself, I did not have the pain in my body and slowly the skin bleeding stopped. Two weeks later my skin became normal. I was so astonished at what had happened to me. I was so fascinated with the book the woman had read and wanted that book, but I could never find it anywhere. I got converted to Christianity because the Lord healed me from an incurable skin disorder. I go to church regularly to hear the reading from the Bible. When I received a free copy of the Bible, I started crying, because I could not believe, I literally own a copy of the Bible. I will always treasure the Bible, it is so precious to me".

## Children Like Bible Stories

Mother of this three children Chennaponnu said, "When my children received a free copy of the Bible they are reading it everyday, morning and evening. Before they use to play on the street vast their time and caused problem with the street children bring in a fights. But now they are so interested in reading the stories in the Bible and want to know more about God. They like all the stories in the Bible. Reading the Bible makes them a good children and they behave well at home and with others. Thank you for the Bible." Everyday we receive many wonderful life changing testimony from people.

## Jesus Is The Only Hope For Haiti

Only Jesus is the hope for Haiti. When I was in Haiti I talked with a minister. He said, "We are a country forgotten by the world. Nothing is happening with the economy, education, infrastructure and in government, and the church in Haiti is inadequate and incapable of doing anything much because the need is so great. There is one disaster after another. The recent Hurricane Matthew, the most powerful Atlantic tropical storm recently with strong rain and winds of 140 mph, hit Haiti and flooded streets, flattened homes, and left a trail of destruction. "The harvest is plenty, but the laborers are few". Haiti needs a lot of support in prayer from all our brothers and sisters around the world for God to transform this country. Only Jesus can bring hope for Haiti." It's our time to act! Let's do just as Jesus said in Matthew 25: 40 "Whatever you have done to the least of these, My brethren you have done unto Me."

## Pastors and Leaders Conference

Powerful Pastors and Leaders Conference and made a huge impact. We are amazed by the hunger for God's Word of these pastors and leaders, who come with great exception through any hardship. Many of them walked hours to sit under the anointing and hear the Word of God. You can see they are hungry for the Word of God and for the anointing of the Holy Spirit. The preaching and teaching of the uncompromised Word of God steamed to fulfill the call of God and ignited the a new passion to reach the lost and hopeless humanity in their own community. Jesus said, You shall receive power, after that the Holy Ghost is come upon you: and ye shall be witnesses unto me both in Jerusalem, and in all Judea, and in Samaria, and unto the uttermost part of the earth." (Acts 1:8) Pastors and all those who attended the conference were very blessed, inspired, encouraged and motivated. I laid hands on every pastor and leaders and pray for them to receive a fresh fire baptism into the Holy Spirit. I encouraged all them, The Lord touched everyone of you and He met all your spiritual, physical and also your financial needs. Walk in faith, knowing the Lord already confined His Word, soon and very soon you will see the Word of God will manifest in your life and ministry, because God's Word works.

## The Lord Adding People To The Church

Today more are coming to know Jesus as their Lord and Savior in India than ever before, and the Lord is adding daily to the church such as would be saved. In India churches are growing in number and in the revelation knowledge of the Word of God. India is one of the countries where more people are open and coming to Christ. Through our 'Church On Wheels' outreach, we are reaching three unreached villages every day and an average of 100 to 150 people are getting saved. At the same time there is great persecution against Christians and churches. Nearly every day Christians are physically persecuted for their faith, and the government doesn't give any protection nor do anything about it. Now the Indian government wants to declare India as a Hindu Nation. They want to pass a law that would make the Hindu holy book Bagawarhgeetha one of the school text books. That means, they want every child to learn Hinduism in school. We need your prayers that all these plans and schemes go nowhere and are soon forgotten. I know your heart beats for souls and you want to win the whole world for Jesus. That's why I want to connect with you to reach the unreached millions in India, Nepal and around the world by being my partner. You can trust me, your prayerful monthly financial support will help us to win souls, pioneer more churches and Bibles schools for the Glory of God.

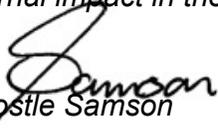

## Feeding The Poorest

Despite recent progress in India a large portion of the population is living below the poverty line. In the areas of human development there is no indication of change. Poverty faced by girls comes as a result of discrimination within India's society. Furthermore, many who are living in poverty do not have economic opportunity, therefore they have no way out of this vicious cycle of poverty and despair. We feed the poorest of the poor and assist them with education to improve the next generation.
